

INDIA INTERNATIONAL CONSORTIA

ABLE announces the formation of 4 INDIA INTERNATIONAL CONSORTIA in the following areas.

The four consortia are:

1. **INDIA International Drug Discovery & Development Consortium (IIDDDC)TM**
2. **INDIA International Biopharma Consortium (IIBC)TM**
3. **INDIA International Regulatory Consortium (IIRC)TM**
4. **INDIA International Life Science Incubators Consortium (IILSIC)TM**

The objectives of the Consortia are:

1. Develop a common point of view on matters or issues that need to be taken up to promote domestic and international R&D, investment, access, business and trade.
2. To communicate the point of view to Indian and foreign public and private stakeholders.
3. To serve as a prime, authentic and collective source of the India's ecosystem in specific areas.
4. To partner with Indian and State Governments in India and those of other countries to help them make policies or rules that are conducive to the ease of doing business.
5. To partner with like-minded Domestic and International Associations, Groups or Consortia to develop consensus on issues that need resolution and improve India's perception as a place for conducting business.
6. To promote Brand India

Rules & Regulations:

1. Each Consortium will consist of well-known Indian companies with a significant stake in the area.
2. Will consist of Senior level (President or higher) nominees of the consortia members.
3. One Senior nominee (VP or equivalent) level can be nominated as proxy.
4. An Annual fees will be payable by each consortia member.
5. Consortia membership will be by Invitation only.
6. At any given point there will be no more than 10 paying Consortium members.
7. For additional rules and regulations please mail to the Consortia coordinator at anil@ableindia.org.in or call 9871632688
