

BIO INTERNATIONAL CONVENTION & EXHIBITION San Diego, CA, USA. June 3 – 6, 2024

Advertisement in the India Biotech Handbook 2024 Opportunity to Showcase your Organization to a Global Audience!

The world's largest biotech event, the BIO International Convention and Exhibition is scheduled to be held from 3-6 June 2024 in San Diego, USA. BIO is the world's largest Biotechnology congregation of companies and professionals from across the globe. ABLE is setting up India Pavilion bringing together the best of India's biotech industry in one space. ABLE has showcased the capabilities of Indian biotech sector by circulating an **India Biotech Handbook** at BIO convention annually.

Please [Click here](#) to have a look at **India Biotech Handbook 2023**.

The previous editions of the handbook were highly appreciated for their format, content, and insights. The India Biotech Handbook is more than just a resources guide - it's a window into India's biotech industry and the opportunities it presents to the world.

The India Biotech Handbook 2024 will be officially released during the Convention and will be circulated widely from the India Pavilion and all India related program in the event to an elite audience. The A5 size handbook will be presented in a reader friendly way, providing quick and authentic information to help investors, influencers, and industry leaders understand the direction that India is taking, and the strategic inputs needed to forge alliances across industries and governments.

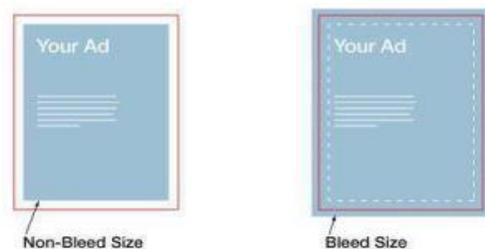

The Handbook will feature highlights of India's Bioeconomy, Biotech Start-up Ecosystem, Regulatory Framework, Infographics on BT Sector, and opportunities highlighting the strengths and capabilities of India in various sectors and also information about India's participation at BIO. It will also be shared with various international agencies, ensuring global exposure. Companies, Startups, Academic Institutes, R&D Centre, Government Organizations, etc., can advertise in the handbook and reach a highly targeted global audience.
