About INNONATION: Avenues beyond borders

A pioneering platform to identify, curate and showcase valuable innovation Indian life science companies globally

Curate companies for
Creating value

Identify 6 companies for
each showcase event

INNONATION

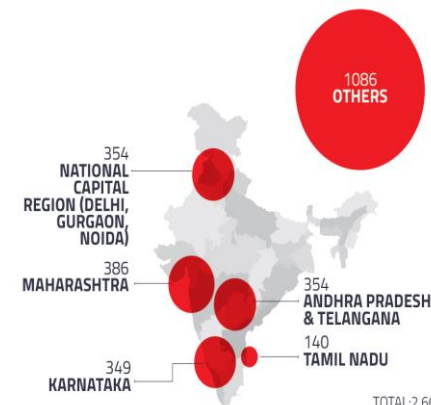

Avenues:
Partnering
Fund raising
M&A / Exits

Rationale

- ❖ Currently most early funding is done with Government funding agencies
 - ❖ F.x. BIRAC (which has been very successful) for start ups; This Ecosystem is now greatly flourishing.
- ❖ Follow on funding & big ticket investments for growth are challenges
 - ❖ This is scarce; Most times putting together a consortium is tough
- ❖ Investors interested to see a curated opportunity for investment
 - ❖ Through a reliable platform; That can show case promising companies that have matured
- ❖ **INNONATION** plans to address this area through its Aggregator platform.
- ❖ The aim is to pass through 100 companies via Innonation to build robust Indian biotech ecosystem

**2669 STARTUPS
LIGHT UP
INDIA'S BIOTECH
ECOSYSTEM**
