Trade Officer

Objective

Healthcare Seminar is a platform to bring together the Dutch and Indian expertise in areas such as eHealth, med-tech, vaccines & therapeutics and One Health/AMR. The overall objective is to discuss the challenge of optimising health in India and the Netherlands and co-create smart solutions.

Who's attending the Seminar?

The session brings together:

- State Government officials
- Key Industry players working in med-tech, eHealth, vaccines, therapeutics & AMR.
- IT companies working in Healthcare domain
- Researchers and academicians
- Innovators including Start-Ups
- Hospitals and medical practitioners

What to expect?

- Learn about some of the existing Public-Private-Partnerships between India & the Netherlands
- Connect with industry peers and explore opportunities for partnerships
- Networking opportunity with the delegates
